

## 220VAC Automatic Fuel Dispenser 1000L Gas Station Fuel Dispenser

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Virette

### Product Specification

- Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min
- Tank: 1000L
- Product: One Product Or Two Product
- Vacuum: 0.04Mpa
- Voltage: 220VAC
- Structure: Single-stage Pump
- Automatic Nozzle: TD-20A
- Temperature: -40~55
- Highlight: 220vac automatic fuel dispenser ,  
automatic fuel dispenser 1000l,  
1000l gas station fuel dispenser

## Product Description

### 220VAC Automatic Fuel Dispenser with 1000L Tank

#### Product Description:

The Fuel Dispenser comes equipped with a 3/4" 4M hose that is designed to withstand the wear and tear associated with regular use. This makes it an ideal choice for fuel stations that cater to a large number of vehicles on a daily basis. The hose is also designed to be easy to handle and operate, which means that your customers can fill up their vehicles quickly and efficiently.

The Fuel Dispenser is suitable for use with a variety of fuels, including petrol, diesel, and other similar liquids. This makes it a versatile piece of equipment that can be used in a wide range of applications. It is also designed to be compatible with a variety of tanks, including those with a capacity of up to 1000L.

The Fuel Dispenser is a reliable and durable machine that is built to last. It is constructed using high-quality materials that are designed to withstand the harsh conditions associated with regular use in a fuel station. This means that you can rely on it to perform consistently and efficiently for many years to come.

Overall, the Fuel Dispenser is an essential piece of equipment for any fuel station that wants to provide its customers with a reliable and efficient service. It is also known as the Gasoline dispenser and is available in a variety of configurations to meet your specific needs. With its high flow rate, durable construction, and versatile design, the Fuel Dispenser is a must-have for any fuel station.

#### Features:

Product Name: Diesel Fuel Dispenser

Delivery Rate:

5 ~ 90L/min

90~150L/min

150~250L/min

Hose: 3/4" 4M

Warranty: 12 Months

Flow Rate:

5-50L/Min

5-90L/Min

Product: One Product Or Two Product

Get the best Fueling Station Dispenser for your diesel fuel needs today!

#### Technical Parameters:

Diesel Fuel Dispenser	Fuel dispenser
Register Range	0.00~999999.99 L
Hose	3/4" 4M
Product	One Product Or Two Product
Application	Petro, Diesel Etc
Delivery Rate	5 ~ 90L/min; 90~150L/min; 150~250L/min
Automatic Nozzle	TD-20A
Temperature	-40~55
Structure	Single-stage Pump
Tank	1000L
Medium	Lubricating Oil

#### Applications:

The Fuel Dispenser is ideal for use in different scenarios, including fueling stations, petrol stations, and diesel fuel dispensing machines. It is suitable for both one product and two product dispensing, making it versatile and adaptable to the needs of your business.

The Virette Fuel Dispenser is designed to withstand extreme temperatures, ranging from -40 to 55 . This feature makes it suitable for use in different weather conditions, ensuring that your customers can fuel up even when the weather is harsh.

The Fuel Dispenser is perfect for petrol and diesel fuel dispensing. It is an excellent choice for fueling stations, petrol stations, and diesel fuel dispensing machines. It is robust, efficient, and easy to use, ensuring a smooth fueling experience for your customers.

Whether you are running a petrol station, fueling station, or diesel fuel dispensing machine, the Virette Fuel Dispenser is an excellent choice. It is a high-quality product that is reliable, efficient, and cost-effective. The Automatic Nozzle TD-20A ensures that the fueling process is quick and easy, while the Single-stage Pump structure ensures that the fuel is dispensed smoothly and efficiently.

#### Customization:

Customize your Virette fuel dispenser to meet your specific needs. Our product customization services allow you to choose from a range of options to create the perfect Diesel fuel dispenser, Gasoline Dispensing System, or Petrol Dispensing Machine.

Brand Name: Virette

Place of Origin: China

Medium: Lubricating Oil  
Application: Petro. Diesel Etc  
Product: One Product Or Two Product  
Working Pressure: 0.2 MPa  
Temperature: -40~55

### **Packing and Shipping:**

Product Packaging:

1 Fuel Dispenser

1 User Manual

1 Warranty Card

Shipping:

Ships within 2 business days

Shipping cost will be calculated at checkout

International shipping available
