

NPT2 Electric Fuel Pump With Strainer Diesel Fuel Engine Parts

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette
- Model Number: f0

Product Specification

- Duty Circle: 30 Min
- Float Included: Yes
- Warranty: 1 Year
- Engine: Diesel Fuel Engine Parts
- Weight: 15Kgs
- Inlet Type: Strainer
- Type: Electric
- Outlet: NPT2"
- Highlight: **Electric Fuel Pump with Strainer ,
NPT2 Electric Fuel Pump**

Product Description

Electric Fuel Pump with Strainer for Diesel Fuel Engine Parts

Product Description:

This Fuel Pump is designed with a Sealing Ring Included, ensuring a tight seal to prevent any fuel leakage. This feature makes it a safe and secure option for your diesel engine fuel system.

With its Electric Type, this Fuel Pump offers a consistent and powerful flow of fuel to your engine, ensuring optimal performance at all times. This type of fuel pump is widely used in diesel engine parts, making it a popular choice among mechanics and car enthusiasts alike.

At a weight of 15Kgs, this Electric Fuel Pump is lightweight and easy to install. It's a perfect fit for any diesel engine fuel system, and its compact design makes it an excellent choice for vehicles with limited space.

This Fuel Pump also comes with a Float Included, which helps to regulate the fuel level in your diesel engine fuel system. This feature ensures that your engine receives the right amount of fuel at all times, preventing any damage from fuel starvation.

Our Automotive Fuel Supply Device is a high-quality and reliable option for your diesel engine fuel system. With its excellent features and efficient performance, it's a great investment that will keep your vehicle running smoothly for years to come.

Features:

Product Name: Fuel Pump

Duty Circle: 30 Min

Engine: Diesel Fuel Engine Parts

Weight: 15Kgs

Inlet Type: Strainer

Sealing Ring Included: Yes

Keywords: Gasoline Transfer Pump, Filling Station Dispenser, Gasoline Transfer Pump

Technical Parameters:

Weight	15Kgs
Float Included	Yes
Inlet Type	Strainer
Duty Circle	30 Min
Engine	Diesel Fuel Engine Parts
Warranty	1 Year
Outlet	NPT2"
Sealing Ring Included	Yes
Sending Unit Included	No
Compatibility	Universal

This Fuel Dispensing Pump, Fuel Dispensing Pump, Gasoline Infusion Machine has the above technical parameters.

Applications:

The Virette f0 Fuel Pump is ideal for Diesel Fuel Injectors. With its efficient motor, it can provide precise fuel delivery to ensure your engine runs smoothly. It can also be used for gasoline transfer pumps, making it versatile for many different purposes.

This product is perfect for a variety of occasions and scenarios. It can be used in agricultural, construction, and industrial settings. It is also suitable for marine applications and can be used in boats and yachts. Additionally, it is perfect for use in generators, construction equipment, and trucks.

The Virette f0 Fuel Pump comes with a 1-year warranty, ensuring that you are covered in case of any defects or malfunctions. With its reliable performance, it can provide you with peace of mind, knowing that your engine is getting the fuel it needs.

Customization:

Customize your Virette f0 Fuel Pumping Unit to fit your needs:

Brand Name: Virette

Model Number: f0

Place of Origin: China

Sending Unit Included: No

Inlet Type: Strainer

Type: Electric

Warranty: 1 Year

Outlet: NPT2"

Our customization services for this product include:

Conversion for use with Petrol or Diesel Fuel Injectors

Liquid Fuel Dispenser customization

Packing and Shipping:

Product Packaging:

1 Fuel Pump

Installation instructions

Shipping:

Shipped via standard shipping

Shipping time: 3-5 business days

Shipping cost: \$10
