Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Features: Trigger Lock, Splash Guard, Automatic Shut-off
- Material: Aluminum
- Certifications: UL, CSA, CE
- Size: 5.5 Inches
- Cylinder: Multi-cylinder
- Hose Length: 10 Feet
- Model: 11A
- Component: Fuel Injection Device
- Highlight: **aluminum auto shut off diesel nozzle ,
auto shut off diesel nozzle ul ,
ce fuel dispensing nozzle**

Product Description

Multi cylinder Aluminum Fuel Dispensing Nozzle with UL/CSA/CE

Product Description:

The Fuel Nozzle features a stamp number of Dlla150s187, ensuring that you're getting a genuine product that meets all industry standards. Made from durable aluminum, this gasoline hose nozzle is built to last and can withstand heavy use without breaking down. Its multi-cylinder design ensures that your fuel flow is consistent and reliable, no matter what type of fuel you're working with. With a temperature rating of 0-150 degrees Fahrenheit, the Fuel Nozzle can operate in a wide range of conditions. Whether you're working in hot or cold weather, this nozzle will perform reliably and consistently. So if you're looking for a high-quality petroleum flow nozzle that can handle all your fuel transfer needs, look no further than the Fuel Nozzle. Its sturdy aluminum construction, multi-cylinder design, and temperature rating make it the perfect choice for any fuel transfer job.

Features:

Product Name: Fuel Nozzle

Hose Length: 10 Feet

Component: Fuel Injection Device

Material: Aluminum

Warranty: 1 Year Limited Warranty

Cylinder: Multi-cylinder

This Fuel Nozzle product is also referred to as a Fuel Dispenser Nozzle or Gasoline Hose Nozzle. It is made from high-quality aluminum materials and comes with a 10-foot hose length. The Fuel Nozzle is a fuel injection device that is designed for use with multi-cylinder engines. It comes with a 1-year limited warranty to ensure customer satisfaction.

Technical Parameters:

Model:	11A
Material:	Aluminum
Nozzle Diameter:	1 Inch
Flow Rate:	10 Gallons Per Minute
Pressure Rating:	50 Psi
Temperature Rating:	0-150 Degrees Fahrenheit
Features:	Trigger Lock, Splash Guard, Automatic Shut-off
Certifications:	UL, CSA, CE
Size:	5.5 Inches
Warranty:	1 Year Limited Warranty

Applications:

With a temperature rating of 0-150 degrees Fahrenheit, the Virette Fuel Nozzle is capable of handling a wide range of fuel types and temperatures. Its flow rate of 10 gallons per minute makes it an ideal choice for fast and efficient fuel delivery, while the trigger lock and automatic shut-off features provide added safety and convenience.

Whether you are refueling cars, trucks, boats, or other heavy-duty vehicles, the Virette Fuel Nozzle is perfect for a variety of application occasions and scenarios. Here are some examples:

Filling up gas tanks at gas stations

Delivering fuel to construction equipment at job sites

Refueling fleets of trucks or buses at transport hubs

Providing fuel for agricultural machinery on farms

Dispensing oil for generators or other industrial equipment

Thanks to its splash guard, the Virette Fuel Nozzle also helps prevent spills and splatters, keeping your work area clean and safe. Its automatic shut-off feature ensures that fuel stops flowing when the tank is full, preventing overfilling and potential fuel leaks or spills. Overall, the Virette Fuel Nozzle is a reliable and efficient choice for anyone in need of a high-quality fuel dispenser nozzle. Its durable construction, efficient flow rate, and safety features make it a top choice for professionals in a variety of industries.

Customization:

Customize your Virette Oil Delivery Spout to meet your specific needs with our product customization services. Our Fuel Dispenser Nozzle is manufactured in China with a pressure rating of 50 Psi and a hose length of 10 feet. The model available is 11A and it comes with certifications such as UL, CSA, and CE, ensuring its quality and safety. With our services, you can further tailor the nozzle to your requirements, whether it's adding your company's logo or changing the color to match your branding. Trust that our Quality is Guaranteed, and you'll receive a product that meets your expectations.

Packing and Shipping:

Product Packaging:

The fuel nozzle will be packaged in a sturdy cardboard box with proper padding to ensure its safety during transit. The package will also include an instruction manual and all necessary accessories for installation.

Shipping:

The fuel nozzle will be shipped via a reputable courier service. The shipping cost will depend on the destination and the speed of delivery chosen by the customer. The estimated delivery time will be provided at the time of purchase. Please ensure that the shipping address provided is accurate to avoid any delays.
